Guide to Services **HIGHLIGHTS**

WEIGHT LOSS YOUR WAY

Many weight loss plans produce quick results, but the key is finding a method that generates lasting and sustainable outcomes for you. The best strategy will depend on your personal history, food preferences and overall lifestyle. Our experts spend time getting to know you and your background in order to create an effective, customized weight loss program that will leave you feeling lighter, healthier and happier.

Part I (50 minutes) – Discuss your weight history, eating patterns, food preferences and health goals with a nutritionist. You might address topics such as intermittent fasting, meal timing or your microbiome’s influence on weight. You’ll get a customized weight loss plan to follow during your Canyon Ranch stay. You’ll also receive suggestions for additional services that can help you reach your goal.

Part II (50 minutes) – Reconnect with your nutritionist, who will integrate all of your experiences and work with you to create a personalized eating plan that complements the recommendations from your other healthcare professionals. You’ll leave inspired, with a well-defined direction on how to change your weight forever!

MEL'S TIPS

by Mel Zuckerman,
*Canyon Ranch founder &
wellness visionary*

EXCELLENT REASONS TO GET A MOVE ON

Exercise makes you feel proud of yourself: There's no more satisfying and legitimate source of self-esteem than knowing you're taking good care of yourself.

Many forms of exercise get you outside: There's no substitute for fresh air and time spent in the natural world.

HOW TO EAT WELL

Splurge on color: The brilliant colors of fruits, vegetables and legumes come from phytochemicals, a varied class of miracle nutrients that scientists are just beginning to appreciate fully. You don't need a degree in biochemistry to choose a variety of brilliantly colored, simply prepared plant foods every day.

HAVE YOU TRIED THESE?
