EXCELLENT REASONS TO GET A MOVE ON

Exercise makes you feel proud of yourself. There's no more satisfying and legitimate source of self-esteem than knowing you're taking good care of yourself.

Many forms of exercise get you outside: There's no substitute for fresh air and time spent in the natural world.

HOW TO EAT WELL

Splurge on color: The brilliant colors of fruits, vegetables and legumes come from phytochemicals, a varied class of miracle nutrients that scientists are just beginning to appreciate fully. You don't need a degree in biochemistry to choose a variety of brilliantly colored, simply prepared plant foods every day.
